Level 3 Certificate in Emergency Response Ambulance Driving (L3 CERAD) Course: CQC Training Approval Form

Dear Learner,

In order to confirm and approve your attendance onto the L3 CERAD Qualification, course delegates must as a prerequisite evidence that they are either contracted, employed or in the process of gaining employment with an NHS or Private Ambulance Provider which is CQC registered. For devolved nations, it is the CQC equivalent for that specific location.

The purpose of this requirement is to ensure that no Learner, by undertaking training in the qualification will be at risk of breaching the Road Traffic Regulation Act 1984, its amendments or any other legislation.

Infringement to this directive would breach Appendix 2 of our FutureQuals Centre Agreement, which could constitute in the immediate removal of a course delegate or subsequently the qualification becoming invalid. Future (Awards and Qualifications) Ltd reserves the right to conduct random sampling at any stage to ensure compliance.

In order to support and approve your attendance, you are required to complete the below, which also requires details and signatures of the designated company supporting your attendance. On successful completion, the CQC Training Approval Form is to be returned to Elite Advanced Driver Training for approval, signature and course registration.
